

VALUATION DOWN ON TAX REPORTS

Assessable Personal Property
Drops for 1921, But
Total Value Increases.

The valuation of taxable personal property in Pontotoc county dropped \$625,482 between the reports of the county equalization board for 1920 and 1921, according to figures given out today by Nick Heard, county assessor.

While this drop in the value of personal property in the county was being recorded, however, the assessed valuation of land in the county increased \$737,525 and the total assessed valuation of taxable property took a marked jump, according to figures compiled by the assessor.

Assessed valuation of personal property in Pontotoc county on the 1920 report was \$4,724,615 and the land valuation, exclusive of city property, was \$6,046,495. At this time the assessed valuation of city, town, and village lots was \$3,571,483. This brought the total valuation for the county up to \$14,342,593, according to the report of the board of equalization.

The report of the board for 1921 showed a drop in the assessed valuation of taxable personal property in the county to \$4,099,133 but the land valuation had jumped to \$6,784,020. The last report showed a marked increase in the value of city property which was up to \$4,533,856, or almost a million dollars more than the assessed valuation of city, town and village property for the previous year.

ASKS REDUCTION FOR RAILWAY EXPRESSMEN

(By the Associated Press)
CHICAGO, June 15.—Application of the railway express company for a reduction of wages for its 80,000 employees has been set for hearing before the United States railroad labor board next Friday. The company recently held a conference with the employees but no agreement was reached. The company proposed a wage reduction equivalent to the increase of approximately 25 percent of the labor board in August, 1920. The employees refused to consider the reduction and the matter was taken to the board for adjustment.

Cut in Pennsylvania
(By the Associated Press)
PITTSBURGH, Penn., June 15.—Independent field companies of the Pittsburgh and Youngstown districts today announced a reduction in wages and salaries of employees effective June 16.

M. C. Taylor Buys Hub Clothing Store; Has taken Charge

M. C. Taylor of Mound Valley, Kansas, has purchased the stock of the Hub Clothing Store and will take charge as soon as the inventory is completed. Mr. Taylor and his family, consisting of Mrs. Taylor and one boy, will move to Ada immediately and occupy a house on South Townsend.

Mr. Taylor came to Ada at the suggestion of C. V. Gowing, manager of the glass plant, thus making more than two hundred people Mr. Gowing has persuaded to come from the small Kansas town. Mr. Taylor is said to be a live business man, a city booster and a hard worker for all the best things in a community.

JAPAN SURRENDERS CABLE RIGHT TO UNITED STATES

LONDON, June 15.—The Reuters News learned that while fully maintaining her rights for mandatory over certain Pacific islands, Japan is ready to agree to the United States exercising control over the American cables reaching from the island of Yap to Mindanao and to Guam, and hopes that this plan will be acceptable to Washington.

Oklahoma Weather.
Tonight and Thursday partly cloudy, probably showers in western portion.

DEPARTMENT TO PROBE WAR TIME CONTRACTS

(By the Associated Press)
WASHINGTON, June 15.—Organization was already under way today of the special bureau in the department of justice designed to conduct a sweeping investigation of war time contracts. Attorney-general Dorrity in announcing the decision of the department to investigate the inquiry said the bureau would be composed of men experienced in various lines of business and would be headed by a "well-known man of proven ability."

The purpose of the investigation, the announcement said, was as much to relieve honest individuals and firms from the suspicion under which war contracts had fallen in public opinion, as to bring the guilty to punishment.

"We will throw away any mfm now we catch in our net and let them start over again," he said to emphasize the statement that the investigation was not directed against the "quiet little fellows."

HUGHES STEERS CLEAR OF EVIL

Tells College We Should
Avoid "Frittering Away
Influence."

(By the Associated Press)

PROVIDENCE, R. I., June 15.—Secretary of State Charles E. Hughes told a gathering of alumni of Brown university today that it was not desirable that through American help that influence should be frittered away "by relating ourselves unnecessarily to political institutions which involve a race of armament with which we have not any proper concern."

"It is true," he continued, "that we cannot escape relations to the economic problems of the world. The future of the country," he said, "will depend on the economic settlement which might be made in Europe and the key to the future is with those who made and continued these settlements."

"America," the example of free institutions, called forth her supreme endeavors in the world war. This endeavor is still with us. We have not lost the capacity for high and unselfish endeavor.

"Our men did not go to fight for this nation with imperial design, nor was their purpose to protect a land where avarice might find its surest requirements. They offered their lives and all the energies of the country were harnessed in a supreme effort because we loved the institutions of liberty and intended to maintain them—because we hated tyranny and brutality and the ruthlessness which is found expressed in the use of force and because we found our destiny lined up with that of the peoples who were striving for the preservation of the essentials of freedom. With them we made our fight."

Man of Mystery Is Dead as Result of Wounds at Tampico

HOUSTON, June 15.—Charles Paul Walker, man of mystery, shot several months ago on the streets of Tampico, is dead at the city hospital here. It was but shortly after he was brought here when Thomas Davies, his companion, was arrested on a warrant from Dallas charging him with embezzlement. Walker was to have been taken, according to the Dallas officers, "but his physical condition prevented his being moved." Davies was taken to Dallas on March 26.

Harding Annuls Contract.

(By the Associated Press)
WASHINGTON, June 15.—On advice of the attorney-general, President Harding has annulled the contract with the United States Harness company for disposal of surplus harness. Mr. Dorrity did this on the grounds of violating the criminal code section prohibiting the taking part of a government official or employee in such a transaction.

GREET CARPENTIER AS "COMRADE IN ARMS"

(By the Associated Press)
BERKLEY, Cal., June 15.—Berkley Post No. 7 of the American Legion last night sent a telegram to Georges Carpentier saying:
"We regard you as a comrade in arms and wish you every success in the big fight."
A copy of the telegram was sent to Jack Dempsey with the addition:
"This is what we think of you."

LET US HAVE PEACE!

CANADIAN RIVER TO BE SPANNED

Initial Movement Made to
Get Steel High Water
Bridge Near Byng.

At a meeting of the directors of the Chamber of Commerce last evening, a resolution was unanimously passed endorsing the building of a highwater bridge across the South Canadian river near Byng. According to the statement of Secretary Walker, who has investigated the matter, the bridge will cost in the neighborhood of \$200,000. Reports are that Seminole County will furnish one-fourth of the money if Pontotoc will furnish a like amount, and half of the money can be obtained from the national government. In this way it would not cost Pontotoc more than approximately \$75,000 to get this bridge.

The directors are enthusiastic about the idea, saying that a good road through this country would mean more to Ada and Pontotoc County than another railroad. A committee consisting of R. W. Simpson, chairman, T. B. Blake and W. E. Harvey was appointed to take the matter up with commercial bodies, county commissioners or anyone else who can assist the movement.

In the discussion last evening, it developed that the cost of the low water bridge across this river was not as much as many have thought. O. N. Walker stated that the total cost to this county was only about \$13,000. It was used for two years.

The News was unable to get into communication with the county commissioners to determine their attitude towards this proposed bridge. The directors believe they will favor such a proposition.

If the bridge is erected it will probably be built of good steel, it is said, and be continued on the north side of the river to high land.

Katy Resumes Train Service on Bridge Over Canadian Today

Train service over the Katy was resumed today as the Katy bridge on the Canadian has been repaired sufficiently to permit the passage of trains. Considerable finishing work is yet to be done, according to those who have been in touch with the construction work.

That the bridge is now in a much better and safer condition than before is the opinion of those interested in the work. A better pile driver and longer piles have been used. This is not the first trouble the bridge has given the company. Those who have been using the train running north into Oklahoma City are pleased that service is again established.

He is Helping Build Schools

County Superintendent A. Floyd

Under Mr. Floyd's administration the schools of this county have made rapid progress. Several consolidated districts have erected large brick buildings and have instituted high school work. His one aim has been to give the best in educational life to the rural boys and girls, and is particularly anxious that they may learn the practical as well as the theoretical. Prof. Floyd has always co-operated with the Normal to make the great state school better and larger.

WATER FAMINE NOT IN SIGHT

Commissioners Declare Supply in New Reservoir Will Avert Danger.

That the city is now in no great danger of a water famine is proven by the fact that the new city reservoir is filled to capacity, the last gallon being put in it at 2 o'clock last night, commissioners said today. The reservoir will hold 22,000,000, enough to last the city for about three days.

On account of the great demand for water this summer, the supply has been in a serious condition. To keep up enough water pressure in the city in case of fire with the present pumping system, the commissioners were able to let the water run into the reservoir for only a short time each night.

Pumps at the reservoir will be working by tomorrow, according to men who are working on them. It will be an easy matter then to pump the water from the reservoir to the city in case of emergency, it is believed.

CHAMBER IS NOW IN NEW QUARTERS

Offices of County Agent
Home Demonstration
Agent in Building.

The directors of the Chamber of Commerce have fitted up a comfortable office for the body at 207 East Main street and the headquarters can now be found there. Tables, chairs, and desks have been provided. At this time half of the building is used as a sample room, but this is to be discontinued another year, it is said, and the entire building occupied by the Chamber and the associated bodies. J. B. Hill, county agent, and Mrs. Elva Roberts Duvall, home demonstration agent, also have offices in this building. A rest room for women has been fitted up and equipped with comfortable chairs, drinking water and other essentials to comfort.

At a meeting of the directors last evening the secretary was authorized to purchase such books and magazines as Mrs. Duvall and Mr. Hill need in training the young girls and boys of the county in the best there is in farm life. These young people will meet in this building whenever there is occasion and have room to study and learn all the department of agriculture has to give out.

Already the young folks from the rural sections are going to the building. Mr. Hill and Mrs. Duvall have held several meetings.

The Chamber is taking on more life as the developments in the oil field become more pronounced and the demand for more industrial sites, more roads, more bridges and other things of interest to the general public increases.

Dwelling House Is Damaged By Early Morning Fire Here

A residence building belonging to Mr. Belew, of West Twelfth street, was damaged by fire early last night. The origin of the fire is not known, but it was first noticed between the ceiling and roof.

The fire department was called out and by quick and efficient work was able to extinguish the blaze before it gained much headway or did much damage. A new roof and wall paper will be needed to put the building in good shape again, according to the firemen.

East Johns Soviet Russia
(By the Associated Press)
VLADIVOSTOK, June 15.—Reports received here today said that the government of the far east, following a continuous conference of three days, has decided to join soviet Russia.

ENGLAND IS SAD AS SIMS LEAVES

(By the Associated Press)

LONDON, June 15.—Read Admiral Sims left Waterloo this morning for Southampton to board the steamer Olympic for New York. He rode in a special car which was so burdened with floral testimonials that there was scarcely room for members of the party to move about.

In the throng at the station were newspapermen and photographers with whom Sims was very popular because of his unassuming airs and his readiness to talk.

Answering a request for a farewell address, he called attention to this morning's news of a distinct reaction in the United States against his critics, adding that he had nothing further to say "and nothing to retract."

He said he had received hundreds of letters approving his attitude regarding "American Hyphenates."

PARADE TO OPEN FIRST ROUND-UP

Everything Now Ready for
Three Days of Western
Sport.

Beginning with a parade on the principal business streets of the city at 1 o'clock Thursday afternoon, the first day of the big American Legion round-up will be opened. Cowboys and cowgirls to take part in the contests will parade on their horses through the city with the Ada High School band leading.

Immediately after 2 o'clock Thursday afternoon the first contest will begin. This will be repeated each day of the round-up. No morning exhibitions or contests will be given, but starting at 2 o'clock each day and continuing all afternoon the contests will be held in their order.

The city is full of cowboys and cowgirls from all parts of the country who will take part in the various events. One hundred wild Mexican steers have been in the city for the past two days and are now herded at the Fair Grounds park. Among these some of the wildest of the Mexican variety are to be found, it is said. One car load of bronchos is here and among them are some noted bucking horses. Two car loads of roping horses also have arrived and another car load is expected today. This will be the main out-of-town equipment to be used in the roundup.

The arena has been fenced with several strands of wire. A pen for the bronchos has been made. Everything is now ready for the opening show Thursday afternoon. Most of the stores of the city will be closed for a while each afternoon for the purpose of giving all an opportunity to attend the roundup.

KABER'S RING IS FOUND BY POLICE AND TAKEN OVER

(By the Associated Press)

CLEVELAND, June 15.—A diamond ring and watch owned by Daniel Kaber, which are said to have been turned over to one of his assassins by his widow, Mrs. Eva Catharine Kaber, as part payment for the murder, have been located by the police and it is predicted that they would be in their possession in a few hours.

The police refused to say whether the ring and watch are still in possession of one of the four men said to have been hired to commit the murder.

PRESIDENT OF AMERICAN BAR DIES AT SEVENTY

(By the Associated Press)

BALTIMORE, Md., June 15.—Judge William Alexander Blount of Florida, president of the American Bar Association, died at the John Hopkins hospital today. Judge Blount arrived at the hospital yesterday for treatment. He was 70 years old.

NIECE OF SAM HOUSTON DIES IN CROCKETT

(By the Associated Press)

HOUSTON, June 15.—Word has been received here of the death at midnight of Mrs. Isabel Taylor, 94 years old, niece of General Sam Houston and widow of late Judge Wm. M. Taylor, Masonic leader who was district judge in Crockett county many years and who was Past Grand Master of the lodge of Texas Masons in 1854.

HARVEST SICKLE HEARD IN STATE

Reapers Garner Large
Areas of Golden Grain
Through Oklahoma.

OKLAHOMA CITY, June 15.—Harvest season has turned Oklahoma into a hive of industry and along the highways and byways the hum and throb of harvest life holds forth.

Spots of gold that only a fortnight ago blended with the lighter, even yellowish, shades of green in scattered wheat fields of southwest Oklahoma, have spread fan-like to the north and west until now the wheat belt of the state, located in the central, northern and northwestern sections, is a huge mantle of golden texture, covering the rolling prairie with its billowy folds. The blue denim of the harvester adds contrast here and there over the fields, while the rhythmic whirr of the binder and header fills the air from dawn until dusk.

Wheat and oats that were cut nearly a fortnight ago in the extreme southwest portion have been threshed and slowly the threshing outfits are creeping northward and westward in the wake of the falling grain. Another ten days to two weeks and the harvest wave will have crossed the state line into Kansas, from whence it will push, always northward into Nebraska and the Dakotas.

With a plentiful supply of labor, enhanced by such speed machines as combines, which cut and thresh the grain simultaneously, Oklahoma was expected to complete its harvest quickly. Approximately 3,050,000 acres of wheat and 1,600,000 acres of oats will fall before the sickle, according to John A. Whitehurst, president of the state board of agriculture. The condition of both grains had improved materially during the two weeks preceding harvest, he said, owing to plentiful moisture, and only unfavorable climatic conditions at harvest would reduce an estimated yield of about 36,000,000 bushels of wheat and 50,000,000 bushels of oats.

Last year, the 2,900,000 acres of wheat harvested in Oklahoma produced 422,000,000 bushels of grain, while the 1,500,000 acres of oats yielded 48,000,000 bushels.

RAPS SHORT DRESSES AS INDECENT TO USE

(By the Associated Press)

SALT LAKE CITY, June 15.—High shoes and short dresses were condemned by Mrs. Morse of Twin Falls, Idaho, in a speech before the convention of intermountain and Pacific coast federation of women's clubs.

"I want our young women to be taught to appear to men intelligent and to accomplish this we must adopt a sensible mode of dress and when we see someone wabbling along the street in a tight skirt and high shoes, her head guarded with henna or some other dye stuff, and fussed out over the ears, we will instantly recognize a sex-female for a woman is God's production and this described something is the result of man's handiwork. Mothers who permit their daughters to be so dressed are preparing them for a preface of marriage and not for marriage itself."

Invitations for Ada Lions Club Banquet Are Sent Out Today

Invitations and programs for the Lions club banquet in honor of the summer faculty of East Central State Normal have been sent out. The banquet will be held Thursday evening in the Normal cafeteria.

L. A. Ellison will be toastmaster and a number of others have been asked to make short addresses on various subjects. The banquet will be of an informal nature and good fellowship will prevail throughout.

POSTS IN CONTROVERSY OVER WIRE TO FIGHTER

WICHITA FALLS, Tex., June 15.—Controversy developed last night at a meeting of the local American Legion post in a protest over the proposition to extend best wishes to Georges Carpentier. The resolution was first adopted, later reconsidered and defeated by a small majority. It is understood that the matter will be brought up again at the next meeting.

MIDCONTINENT CRUDE IS LOWEST SINCE 1916

INDEPENDENCE, Kan., June 15.—Another reduction of 25 cents per barrel in Midcontinent crude oil, was announced today by the Prairie Oil and Gas company, bringing the new price down to \$1.00, the lowest level since 1916.

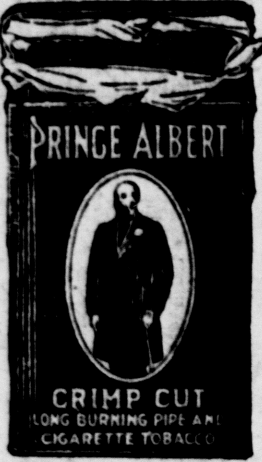

Me-o-my,
how you'll take to
a pipe—and P. A.!

Before you're a day older you want to let the idea slip under your hat that this is the open season to start something with a joy'us jimmy pipe—and some Prince Albert!

Because, a pipe packed with Prince Albert satisfies a man as he was never satisfied before—and keeps him satisfied! And, you can prove it! Why—P. A.'s flavor and fragrance and coolness and its freedom

from bite and parch (cut out by our exclusive patented process) are a revelation to the man who never could get acquainted with a pipe! P. A. has made a pipe a thing of joy to four men where one was smoked before!

Ever roll up a cigarette with Prince Albert? Man, man—but you've got a party coming your way! Talk about a cigarette smoke; we tell you it's a peach!

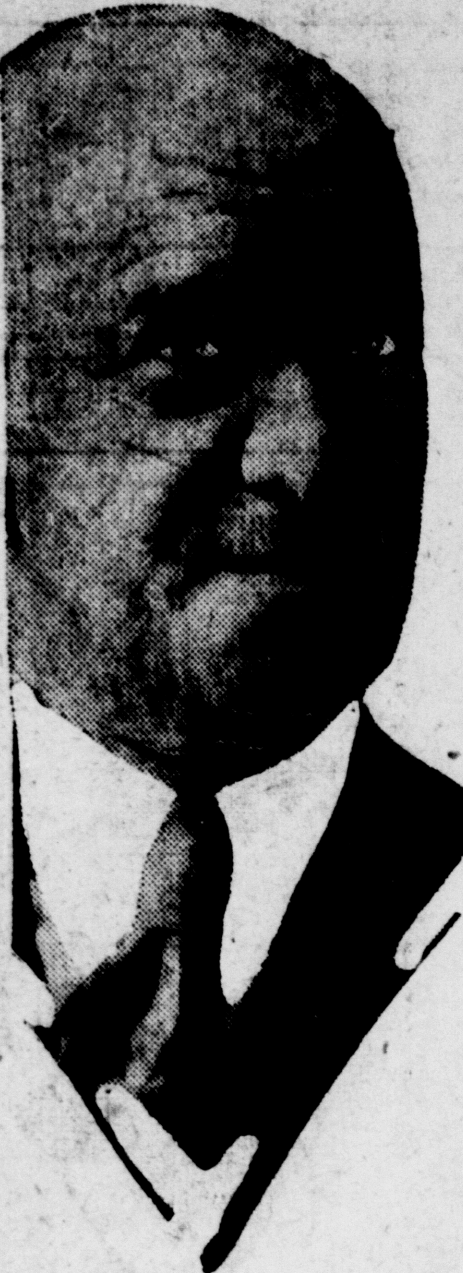

Prince Albert in solid in toppy red bags, tidy red tins, handsome pound and half pound tin humidors and in the sound crystal glass humidifier with sponge moistener top.

WOULD PROHIBIT
DEMPSEY FIGHT

Rep. James A. Gallavan.

Representative James A. Gallavan of Boston created a furore in the house recently when he introduced a joint resolution providing that the coming Dempsey-Carpentier battle be prohibited until after the U. S. has provided a suitable home for its war veterans. Gallavan argues that the people should not be allowed to pay \$50 for a ticket to the fight until they had contributed to a home for their country's heroes.

Ada Fruit and Candy Co. keep fresh fruits, home-made candy and ice cream. 123 South Broadway. Phone No. 861. 6-13-31

Honor Galbraith
All posts of the American Legion of Oklahoma joined last week in honoring Frederick W. Galbraith, Jr., national commander of the American Legion, who was killed in an automobile accident at Indianapolis, while returning from a Legion meeting.

A huge replica of the emblem of the organization in flowers of gold and blue was sent to the funeral at Cincinnati on Saturday by telegraphic arrangements with a florist of that city. Attached to the magnificent floral piece was a blue ribbon carrying the official name of the state department in letters of gold. Every post in the state is joining in paying for the tribute.

Resolutions of sorrow setting forth the appreciation of the department for the magnificent work of the national commander in fighting for the legislation for the sick and wounded of the war were drawn at the conference of post commanders held at Shawnee on Monday. Copies of the resolutions were forwarded to the widow of the national commander and to national headquarters.

Thousands of telegrams from all parts of the country were sent to the bereaved family, according to word received at state headquarters. Several hundred were sent from Oklahoma. Members of many posts wore knots of black ribbon on their lapels and had the flag over post headquarters hung at half mast.

Galbraith's successor as national commander was to be selected at a meeting of the national executive committee on Tuesday.

Plan Membership Drive
Plans for a whirlwind membership campaign opening June 27 and closing on July 4 were made at a conference of post commanders held at Shawnee on Monday. Posts of the American Legion are to compete with units of the women's auxiliary throughout the period.

Representing the auxiliary, Mrs. Ada D. Pearce of Ardmore, department commander has issued a challenge to the Legion. She insists that the women's auxiliary can enroll more members than the veterans in the course of the seven days of work.

Virtually every post in the state is behind a community celebration of the 4th of July. The campaign will be carried on simultaneously with the preparations for the annual celebration. Independence day will be the final effort of the campaign when Legion members will seek to enroll all war veterans in the various communities. State officials of the Legion hope to enroll 10,000 new members in the seven days bringing the department above any other state in the south and southwest in point of membership.

Get Victory Medals
Oklahoma men who wish victory medals with bars showing the character of their service will have to move swiftly in putting in their applications, according to Earle M. Simon, state adjutant of the American Legion. The state victory medal office at 304 Post Office building, Oklahoma City, will close on June 30. All applications from the state must be in before that time.

Urgent Report on Needy
Due to the fact that the state soldiers' relief fund for the past year lapses on June 30, all posts in the department are being urged by H. E. Fell of Ardmore, state commander, to canvass their communities and report needy cases to state headquarters without delay so that relief may be given. Any war veteran in Oklahoma who has been a resident of the state for a reasonable length of time and who is sick and in need may obtain relief from the fund by application through his local post of the American Legion or by writing direct to state headquarters at the state capitol.

JESS TOOK LAST CHANCE

"After three years of doctoring for my stomach I became discouraged and swore I wouldn't take anything else. I was bloated with gas all the time. Someone praised Mayr's Wonderful Remedy so highly that I decided to take a last chance. I am now feeling like a new man. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.
Gwin & Mays Drug Co.

If treated promptly by reliable doctors or at public clinics, venereal diseases can be cured, says the U. S. Public Health Service. Patent medicines bought without competent advice often do great harm. The same is true of the work of most doctors who advertise that they cure "men's" diseases.

INTERSTATE RURAL EDUCATION MEET TO DRAW MANY TEACHERS

"Practical and Possible Ideals in Rural Education and Country Life for Oklahoma and Neighboring States" is Topic for Conference; East Central Will Entertain Delegates and Speakers June 22-24.

Teachers and other educational men and many from other states will flock to Ada June 22-24 to attend

the Federal and Interstate Conference on Rural Education and Country Life. A program for the meet was received and given out today by A. Floyd, county superintendent.

"Practical and Possible Ideals in Rural Education and Country Life for Oklahoma and Neighboring States" is the topic for the conference. A special feature of the meeting will be lectures on mass games and field meets with practical demonstrations of many forms of recreation, under the direction of Captain Frank S. Wyatt of the Northwestern State Normal at Alva. Headquarters of the convention will be at East Central Normal and the reception committee will be composed of the president and student body of the Normal.

Arrangements for accommodations of visitors at the conference

are in charge of A. Linseheid, president of East Central Normal.

An urgent request that all teachers of the county schools get interested in the conference and attend it in great numbers was sent out this week by Mr. Floyd.

Conference singing will be directed by Miss Emma K. Keller, head of the music department of East Central Normal. Special music will be furnished by musicians of Ada.

Detailed arrangements for this musical program will be announced later. Professor Fentem, orchestra director of the Normal, will furnish orchestral music and Miss Martha Hyde, supervisor of public school music at Miami, Okla., formerly head of the music department of State Normal school, Jacksonville, Ala., and Mrs. Grace Greves Truax, professional institute lecturer of Sioux Falls, S. D., will assist in the conference singing.

Conference luncheons will be served at Wednesday noon June 22, Thursday noon, June 23, and Friday noon, June 24, at the college cafeteria. After dinner addresses will be given at each of these luncheons. It is planned, J. L. McBrien, director of the Rural School Extension, United States Bureau of Education, Washington, D. C., is executive secretary of the conference.

Following is the complete program for the meet:

Wednesday, June 22, Forenoon Session.

9:30 a. m. Honorable J. B. Brown state superintendent of public instruction, Nashville, Tenn., presiding.

Invocation—Rev. H. A. Stroup, pastor, Country Methodist church, Rosebud, Ark.

Address of Welcome—President A. Linseheid, state normal school, Ada, Okla., and Mr. A. Floyd, county superintendent of schools, Ada, Okla.

Responses—Prof. L. D. Borden, chief supervisor of rural school, State Department of Education, Austin, Texas; Mrs. F. C. Beverley, principal, Farm Life School, Whitwell, Virginia; and Prof. A. A. Fredericks, Director, Rural Education, State normal school, Natchitoches, Louisiana.

10:30 a. m. Address—The Nation's Program for Better Rural Schools—J. L. McBrien.

Topic—One Teacher Rural Schools

1. What One-Teacher Rural Schools Can and Should Be Where Consolidation is Impracticable—Mrs. Sue Cleaton Weaver, formerly head department of Rural Education, State Normal and Industrial College, Hilledgeville, Georgia.

2. The Storm and Sunshine in a Country Teachers' Experience, Miss Georgia McBrien, a country teacher of Ottawa county, Oklahoma, with experience as a rural teacher in three states.

3. How Harvey Spent One Day at Denny's Corner—Miss Edith A. Lathrop, specialist in rural education, United States Bureau of Education, Washington, D. C.

12 m. to 2 p. m.—Luncheon and Social Hour.

1 p. m. to 2 p. m.—After luncheon speeches, Honorable R. H. Wilson, state superintendent of public instruction, Oklahoma City, Okla., presiding.

1. The Country Church and Country Schools—Reverend H. A. Stroup.

2. The Country Boy—Professor J. W. Bridges, state supervisor, agricultural education, Oklahoma City, Oklahoma.

3. Training Teachers for Rural Community Leadership Through Singing—Mrs. Grace Greves Truax, Sioux Falls, South Dakota.

Wednesday, June 22, Afternoon Session.

2:00 p. m.—Miss Maude Richmond, state supervisor, Home Economics Education, State Board of Vocational Education, Oklahoma City, Oklahoma, presiding.

Conference Singing—Directed by Miss Emma Keller, assisted by Miss Martha Hyde and Mrs. Grace Greves Truax.

Topic—Recent Progress Made in Rural Education in the States Represented at the Conference and the Respective Programs in These States for the Continued Improvement of Country Schools and Country Life.

Arkansas—Rev. H. A. Stroup, pastor Methodist church, Rosebud, Colorado—Prof. J. C. Muerman, specialist in rural education, Bureau of Education.

Kansas—Prof. C. E. Rarick, director rural education, State Normal school, Hays.

Louisiana—Prof. A. A. Fredericks, director rural education, State Normal school, Natchitoches.

Nebraska—Miss Edith A. Lathrop, specialist in rural education, Bureau of Education, Washington, D. C.

Oklahoma—Prof. E. A. Duke, state supervisor rural schools, Oklahoma City.

South Dakota—Mrs. Grace Greves Truax, Sioux Falls.

Tennessee—Honorable J. B. Brown, Nashville.

Texas—Prof. L. D. Borden, Austin.

Wednesday, June 22, Night Session.

8:00 p. m.—President A. Linseheid, presiding.

Topic—What Rural School Consolidation Hath Wrought for Country Schools and Country Life.

1. In Oklahoma—Professor E. A. Duke.

2. In Kansas—Professor C. E. Rarick.

3. In the Nation at Large—Professor J. C. Muerman.

Thursday, June 23, Forenoon Session.

9:00 a. m.—Mrs. F. C. Beverley, presiding.

Topic—The Conservation of Rural Health.

1. The Hot Lunch as a Factor in the Promotion of Better Health Among Rural School Children, Miss Maude Richmond.

2. The Importance of Music in the Conservation of Rural Health, Miss Martha Hyde; Mrs. Grace Greves Truax.

3. The Value of Physical Education and Mass Plays in the Promotion of Rural Health—Captain Francis S. Wyatt.

4. Health Education in Rural Schools—Miss Edith A. Lathrop.

12:00 m. to 2:00 p. m.—Luncheon and Social Hour.

1:00 p. m. to 2:00 p. m.—After Luncheon. Speeches—Professor C. M. Howell, state high school inspector, Edmond, Oklahoma, presiding.

1. The Needs of the Farm Women—Mrs. Emma Rozelle Richards, R. F. D. No. 9, Oklahoma City, Oklahoma.

2. The Country Pastor—Rev. H. A. Stroup.

3. Some Ways in Which the Farm Women May Improve Country Schools—Mrs. Mabel Bates Williams, Good Cheer Editor, Oklahoma Farmer-Stockman, Oklahoma City, Okla.

Thursday, June 23, Afternoon Session.

2:00 p. m.—Miss Cora F. Smith, secretary State Board Vocational Education, Oklahoma City, Okla., presiding.

Addresses:

1. The Work of the State Farmers' Union in the Improvement of Country Schools and Country Life—Honorable J. A. Simpson, President of the Union for Oklahoma.

Thursday, June 23, Night Session.

8:00 p. m.—The Presentation of the Great Rural Drama "Back to the Farm," by the students of the East Central State Teachers' College, Ada, Oklahoma, under the direction of Dramatic Art in this institution.

Friday, June 24, Forenoon Session.

9:00 a. m.—Professor J. W. Bridges, presiding.

Topic—What State Normal Schools and State Teachers Colleges Can and Should Do in the Preparation of Teachers for Country Schools and Rural Leadership.

1. Prof. C. E. Rarick.

2. Prof. A. A. Fredericks.

3. President H. F. Estill, Sam Houston Normal school, Huntsville, Texas.

10:30 a. m.—Reports from county superintendents of schools in attendance at the conference on the number of graduates of state Normal school and State Teachers Colleges who taught in the rural schools of their respective counties during the past year.

Friday, June 24, Afternoon Session.

12:15 p. m. to 2:00 p. m.—Luncheon and social hour.

1:00 p. m. to 2:00 p. m.—After luncheon speeches, Miss Sarah A. Crumly, honorary state regent, D. A. R., Alva, Oklahoma, presiding.

Address—How and to What Ends Should the Rural School Function?—President F. M. Bralley, State College of Industrial Arts for Women, Denton, Texas.

Discussion led by Miss Edith A. Lathrop, Mrs. F. C. Beverley and Professor E. A. Duke.

2:00 p. m.—Section meetings

1. Rural Teachers—Prof. E. A. Duke, presiding; Miss Edith A. Lathrop, leader in discussion.

This is to be a heart to heart talk on the ups and downs, on the storm and sunshine in the experience of rural teachers.

2. Grade Teachers—Miss Martha Hyde, presiding; Mrs. Grace Greves Truax, leader in the discussion.

Grade teachers are requested to

be ready to testify out of their own experience in such a way as to make this section of practical value to all in attendance.

3. High School Teachers—Prof. C. M. Howell, leader.

All in this section are requested to be ready with searching questions and helpful suggestions as to the best ways and means of making the high school function in the lives of the young men and women who attend high school and graduate therefrom.

4. County Superintendents' Section—Honorable R. H. Wilson, presiding, Professor J. C. Muerman, leader in opening the discussions on the problems of the county superintendent.

5. Teachers of Vocational Education—Professor J. W. Bridges, presiding; Miss Maude Richmond, and Miss Cora F. Smith, leaders in discussion.

Friday, June 24, Night Session.

8:00 p. m.—Community Singing, Story Telling, Demonstrations of Games and Mass Plays—Leaders: Miss Keller, Miss Hyde, Mrs. Truax, Professor J. C. Muerman, and Captain Wyatt.

THE INDIANS KNEW

A famous physician stated that more women might find relief from suffering through taking a medicine like Lydia E. Pinkham's Vegetable Compound than through undergoing surgical operations, if they would only take it in time. At the first sign of female weakness, as indicated by backache, dullness, bearing down pains and nervous exhaustion, take this famous remedy of roots and herbs, and avoid the serious consequences of delay.

The Indians and early settlers knew and benefited by Nature's Allies, the roots and herbs of the field. Because Lydia E. Pinkham knew their medicinal value, thousands of women all over the world have been saved from operations, but only such as have taken it in time.

MEN

And so it will be until the end of time. Men fighting the good fight, all struggling toward the one goal, "Financial independence and happiness."

Some will succeed, more will fail, some will arise and go on, others will turn back. Those who fail will say of those who succeeded, "I wish I had done as he did."

Don't be one of that kind, you can protect yourself against it by doing the wise thing. Save and put your money to work for you. Invest conservatively, and where your money is safe with a good return.

The only reason Jones owns his own home and drives his car, while Smith is down and out, is because Jones did the wise thing. You can't eat your pie and have it.

A Fund of Information That You Should Have

DISRAELI, who for six years was prime minister of England, said: "It has been my observation that the most successful man in any undertaking, is the man who has the most information."

It doesn't require any particular information just to go out and buy something. But to buy the best of that something at a price that is satisfactory to you—that is a successful purchase. And to make successful purchases you must have information.

Advertising gives you just that kind of information. It tells you where to go in order to get the best of anything you want at a fair price.

That is why it is a paying proposition for the man or woman who handles a pocket book to study the advertisements in this newspaper—regularly—every day.

To those who use it properly, newspaper advertising is a source of economy and satisfaction that never runs dry. It is a watch-dog of dollars—a guarantee of satisfaction.

If you would learn the facts about the things you need to make you comfortable and happy.

Ambassador Harvey is a man of few words—of late.

In Liberia wives are quoted at \$24.33 each. But that is only the first cost.

It is now up to the railroad managers to see that the money saved in wages is wisely spent.

The surety expert who put a man who swears down as a good risk probably never thought about fire insurance.

The difference between the demand that the former kaiser be hanged and the sentencing of a German sergeant to a few months in jail is about two years.

It is reported the governor of Connecticut appointed to office a man who had been dead for a year, and the fact that he didn't turn up to take the office proves that he is dead beyond hope.

The Milwaukee-Chicago-St. Louis air mail route is to be abandoned because of difficulty of operation. Aromas ascending from stockyards and decadent breweries are enough to dishearten any aviator.

WHAT IS HARDING'S PROGRAM?

Every now and then Republican newspapers print squibs to the effect that while President Harding's English may not suit purists, no one is left in doubt as to what he means. It is significant that such expressions are always found in squibs. Elaborate articles on the subject might refer again to the confusion of some of the leading Republican minds over the Harding statements last fall. For instance, when one Republican former secretary of state said Mr. Harding meant one thing about the League of Nations and another Republican former secretary of state said he meant just the opposite. When 31 prominent Republicans, including Mr. Hughes and Mr. Hoover, gave their word to the country that a vote for Mr. Harding would not be one against the league and Senator Johnson and Senator Borah declared that it would.

So the declaration that "no one is left in doubt as to what the Harding statements mean" is more of a reflection upon the intelligence or honor of the highest Republican groups than upon the critics sought to be silenced.

Just to end the argument, let those who claim to understand precisely what is in the mind of the president when he is talking, give the world something definite on any program he may have shaped. From November 3 to March 4 Mr. Harding was holding special conferences with the "best minds" of his party. He has been president three months. Remembering that he and his partisans were supposed to have had a program long ago that would far surpass that of the Democratic administration, it is no wonder there is some impatience over the delay in presenting it. Seven months after the election that it was promised would mean a better policy have scarcely produced an inkling of a new program.

Let those who dwell upon the clarity of the Harding statements speak up.

CHAMPION SUGAR EATERS

Figures compiled before the war showed the American to be second among the peoples of the world in the consumption of sugar. He used 81.6 pounds a year then. The jam-eating Englishman was first, with an annual consumption of 86.3 pounds. The Frenchman, German and Hollander ate about 40 pounds each, while the Greek, Italian and Serbian consumed only seven pounds each. While comparative figures showing present consumption of the sweet material are not available, it is safe to assume that the American has displaced the Englishman and is now the world's champion sugar eater. The opinion is strengthened by statistics just published which show that between 1914 and 1919 the amount of candy and ice cream consumed in the United States per annum nearly quadrupled in value.

Sugar, used in moderation, is a valuable food, it produces energy for muscular work and, as a necessary accompaniment, body heat. But it is a highly concentrated food and can be used to excess. Persons engaged in hard work out of doors can consume much more sugar, to advantage, than those following sedentary occupations. There is some question of the desirability of a consumption by the average person of more than four or five ounces a day.

If we continue to increase our use of sweets the effect is not likely to be good. Because of its agreeable flavor, candy offers a temptation to take more carbohydrate food than the system needs. It is to be feared that we use sugar largely as an accessory to an already abundant diet. Carried beyond certain limits, this may make us a race of fat people; for sugar is fattening, and physicians advise that it be used sparingly by the corpulent.

There is reason to believe that candy and ice cream are being used by some persons as a substitute for strong drink. The harm that excessive consumption of sugar is likely to do is, of course, not to be compared with that done by over-indulgence in alcohol. But the need of moderation should also be held in mind in gratifying the appetite for sweets.

The Emperor of Cochin-China Rules From a Throne of Solid Gold

His majesty, Khai-Dinh, on his throne of gold, in center between his "four pillars of the empire."

What are believed to be the first pictures taken for publication in recent years of the royal family and dignitaries of the empire of Cochin-China have just reached this country. The

one above is among the most interesting. It shows the emperor, Khai-Dinh, seated in the throne room of the royal palace at Hue, the capital, between his four ministers, referred to as the "four

pillars of the empire." The emperor is sitting on a throne of solid gold. The royal garb worn by the emperor and his aides is covered with gold and costly gems.

Comments given below do not of necessity reflect the opinion of the News. In fact, oftentimes the opinion expressed is directly opposite to that held by the News. The opinions are given, however, because this is a newspaper.

Short Skirts.

Chicago Journal of Commerce: We believe the short skirt is here to stay. The emancipation of women's legs from an interfering and troublesome garment is almost if not quite complete. Any man who has had to wear an ulster for several weeks while walking, and then with warm weather has thrown it off for a light overcoat that does not fall below his knees, will understand why.

Short skirts give feminine underpinning a distinct experience of freedom almost equal to that of the trousers of their brothers. They like it. The sense of exposure which at first embarrassed them, has disappeared. Ankles are no longer sinking, from the knees down, has been openly arrived at. It marks genuine progress in feminine liberty of action—as distinct an advance in conventional reform as the dropping of the face veils by Turkish women, or the unbound feet of the Chinese. We hope American women will never go back to the clogging long skirts.

Heavy hosiery for street wear will, we believe, remove all cause for criticism from any source.

Financier Obregon.

Fort Worth Record: Colonel William H. Gray, speaking for the independent oil producers of five states demanded an import tax on oil importations—Mexican crude in particular. President Obregon has helped his cause along, but the Mexican treasury is to get the money and after it has been placed in the Mexican treasury it will be paid to foreign creditors of Mexico. All petroleum companies operating in Mexico must pay an average increase of 25 per cent in export taxes beginning July 1. It is estimated that this increase in taxation will net the Mexican government more than 30,000,000 pesos per year. All funds received in the shape of export taxes on oil will be applied on the foreign debt of Mexico, on which not even the interest has been paid since 1913 and which amounts to more than 600,000,000 pesos. It is agreed that Alvaro Obregon is a soldier and a statesman. Now all the people in and out of Mexico should admit without hesitation that he is a financier.

"I tell you the News want ads certainly bring results," is a statement made every day to the advertising department. Are you getting your share of these results?

American Bar Head Dies in New York. Is Word Received

Notice of the death in New York City yesterday of William A. Blount, president of the American Bar Association, was received in this city today by C. A. Galbraith, local attorney. Mr. Blount was elected head of the American Bar at its annual convention in St. Louis last summer which was attended by a number of Ada attorneys. A brother of Mr. Blount's visited here some time ago. He is a relative of Byron Sledge, of this city. No notice as to what observation the American Bar will make of its president's death has been received here. The next meeting of the national association, however, will be in Cincinnati, Ohio, in August and it is thought that recognition of Blount's services will be made at that time. The office probably will remain vacant until the national meeting. William A. Blount lived at Pensacola, Fla.

College Track Men Will Run American Olympic Meet Soon

(By the Associated Press) CHICAGO, June 15.—The leading college, track and field stars of the country will gather on Stagg Field Saturday, June 18, to take part in the "American Olympics," the first meet of the National Collegiate Athletic Association. The contests will be the first in this country with a really national representation in the entry lists, according to the sponsoring organization, and eventually will become an annual event in which the winners of all sectional events will strive for national honors. The June 18 meet, although it is the initial effort of the association, will bring into competition a majority of the best individual

track men of the country. Approximately 100 colleges in all sections will be represented by about 500 athletes.

Eastern entries probably will be fewer than those from other sections but the scarcity in numbers will be somewhat offset by the caliber of the men who will make the trip west. Earl Thompson of Dartmouth, holder of the world's record of 0:14 in the 122 yard high hurdles and a contestant in the Olympics, will head the list of Eastern stars.

WEAK; RUN-DOWN

Carolina Lady Got So She Could Just Drag.—"Cardui Built Me Up," She Declares.

Kernersville, N. C.—In an interesting statement regarding Cardui, the Woman's Tonic, Mrs. Wesley Mabe, of near here, recently said: "I have known Cardui for years, but never knew its worth until a year or so ago. I was in a weakened, run-down condition. I became draggy—didn't eat or sleep to do any good; couldn't do anything without a great effort. I tried different remedies and medicines, yet I continued to drag. "I decided to give Cardui a trial, and found it was just what I really needed. It made me feel much stronger soon after I began to use it. I began to eat more, and the nervous, weak feeling began to leave. Soon I was sleeping good. "Cardui built me up as no other tonic ever did. "I used Cardui with one daughter who was puny, felt bad and tired out all the time. It brought her right out, and soon she was as well as a girl could be. We think there is nothing like Cardui."

Do not allow yourself to become weak and run-down from womanly troubles. Take Cardui. You may find it just what you really need. For more than 40 years it has been used by thousands and thousands, and found just as Mrs. Mabe describes. At your druggist's. NC-142

IN SOCIETY

Many Hear Recital
An unusually large and most appreciative audience heard Miss Leone Steed's advanced pupils in piano recital at the First Methodist church last evening. Every number on the program was thoroughly enjoyed.

The assisting artists, Miss Dorothy Duncan, Russell Bond and W. A. Hill also rendered splendid numbers. Probably the most artistic feature of the evening was the double piano number, Grande Valse de Concert, played by the Misses Louise Meaders, Bernice Roach, Geneva Payne, and Nina Collins.

A recital by other pupils studying under Miss Steed's direction will be given in the church Thursday evening. Those who will take part are: Louise Core, Pat Sloan Case, Lucille Webster, Louise Spencer, Mildred Jeter, Bernice Newton, Lady Percy Shaw, Birdie Newton, Ethel James Byrd, Bessie Bell Meaders, and Harrie Lee King.

Mrs. Luther Harrison and daughter left today for Holdenville where they will join Senator Harrison. Their future home will be in that place and the many friends of the family here are sorry to see them leave Ada.

Mrs. G. W. Pafford of Oklahoma City, who accompanied her mother, Mrs. Catherine F. Edsall, home from that place last week for a visit with their son and brother, Charles Edsall, and family of this city, returned to her home in Oklahoma City Tuesday.

J. C. Cooper and family of Stratford were in the city Tuesday and Wednesday visiting in the home of B. F. McCauley.

SCOUTS CALLED TOGETHER TO ORGANIZE COMPANY

All boy scouts of the city are requested to meet the scout executive at scout headquarters at 3:30 Saturday morning for the purpose of assisting in the sale of stamps for the Chinese relief fund. Every boy available will be needed at this time.

The city quota of stamps is large but it is expected that with the aid of the scouts and the co-operation it will be an easy matter to sell them.

Notice I. O. O. F.
All members of Ada Encampment No. 17 I. O. O. F. are requested to be present Thursday night, June 16. All of the encampment degrees will be conferred. Work will begin at 8 p. m. Banquet for members and visiting members will be served at 11:30 p. m.

C. M. CHATNEY

Much Cotton Is Used
(By the Associated Press)
WASHINGTON, June 15.—Cotton consumed during the month of May amounted to 439,884 bales of lint, and 47,395 bales of linters. It was announced today.

Sims Sails for Home.
(By the Associated Press)
Southampton, Eng., June 15.—Rear Admiral William S. Sims, with Mrs. Sims, sailed this afternoon for New York.

You will save money by reading the ads.

An up-to-date bathing couple at Bournemouth, England, on their scootamotors.

The very latest way of "rushing to the sea" is fast being adopted by English mermaids following the custom of American resorts. In England they call these fair swimmers "scooter mermaids." The photograph shows how one goes to the beach on a scootamotor.

METAL PROPELLER FOR AIRPLANE IS DELIVERED

PITTSBURGH, Pa., June 15.—An all metal propeller for airplane capable of having the blades reversed, has been delivered to the government by a local company.

According to officials of the company a plane, equipped with the reversible blades in its first test was stopped in a distance of 280 feet by means of the new device. Under the old system a plane could not stop before travelling at least 700 feet. It is the plan of the company to so perfect the new blades that a stop can be made, after landing within 100 feet.

The design of the new blades was made at McCook field while the mechanical details were worked out in Pittsburgh.

The blades, which are made of steel tubing of tapering section and thickness, without welding, except to close the extreme tip, fit over the two arms of the hub. They are held in place by means of rollers and ball bearing. The rollers are said to greatly reduce the friction, of the rotation of the blades about their center axis. An angular development of 45 degrees can be obtained by means of a control which extends to the cockpit.

OAKMAN TEAM DEFEATS MAXWELL IN HOT GAME

The Oakman ball club defeated the Maxwell team at Oakman this week. It was a pitchers' battle to the finish with the final score standing 2 to 1. The team has lost only one game this season.

Twelve men were struck out by the Oakman pitcher while only six were struck out by the Maxwell mound man. A return game will be played at Maxwell Saturday of this week.

Millinery—hats worth up to \$19 for \$2.98.—Pelter's Fashion Shop. 6-14-2t

COMMITTEE IS WITHOUT AUTHORITY SAYS FREELING

(By the Associated Press)
TULSA, June 15.—That the special legislative committee named to investigate the oil market and learn the causes of the recent price slump has no authority to continue its work is the substance of an opinion written by Attorney General Freeling at the request of State Auditor Frank Carter. Carter stated he asked for an opinion in order that he might formulate a policy to be followed upon presentation of expense vouchers by members of the committee.

The committee has been in session since the legislature adjourned and has held hearings here and at Oklahoma City. Representative Ed Admire is chairman of the investigating body.

THREE CONVICTS TO DIE AT PENITENTIARY SOON

McALESTER, June 15.—Three convicted murderers will be executed in the state penitentiary here a month from today unless the courts intervene or executive clemency is extended. The men who occupy the death cells are: William Tait; Cleo Gobin and Eli Thomas, negro. Tait and Gobin were convicted of the murder of Russel Sprague, Lawton service car driver and Thomas was sentenced to death for murder committed in LeFlore county. Sentences of Tait and Thomas were reviewed by the criminal court of appeals and approved. Gobin has announced his intention of appealing his sentence.

Tait was originally sentenced to die June 14, and Gobin four days later, but a short reprieve was granted by Governor Robertson in order that Gobin might perfect an appeal.

J. A. Shirley has been appointed a member of the police force by Mayor Kitchens and is now at work. The appointment was confirmed Tuesday afternoon by the board of city commissioners. Mr. Shirley has the reputation of being a man who is fearless, conscientious and thorough.

SECRETARY OF STATE AT TWENTY-SIX IS RECORD

DENVER, June 15.—Secretary of State at the age of 26 is the record of Carl S. Millikin who today holds the portfolio in the state of Colorado.

At Leland Stanford University where he attended college, Mr. Millikin won local fame as an all-around athlete, while during the summers he worked as a reporter on newspapers. After graduation he went to Nicaragua to represent a mines corporation.

When the war broke out Mr. Millikin enlisted in the first officers' training school at Fort Riley, and as second lieutenant with the 355 Infantry, 85th division, he saw action at St. Mihiel and the Argonne. Upon his return from France he joined the staff of the Rocky Mountain News, at Denver and in 1920 he was elected secretary of state of Colorado. Mr. Millikin was born in Denver.

Henderson Funeral Arranged
The body of J. P. Henderson, who was found dead in his room in the Y. M. C. A. at Oklahoma City yesterday morning, arrived in Ada this morning and was taken to the C. A. Ammons undertaking parlor. Funeral services will be held at the home of J. E. England, 615 W. Fifth street, tomorrow afternoon at 3 o'clock. Rev. Wood and Rev. Taylor will be in charge of the services.

DRAPED TURBAN FOR SUIT WEAR

The draped turban which has been popular for at least two seasons is still modish, according to the newest hat models seen. It is particularly good for wear with the traveling suit and will be popular with brides for this reason.

Harvest is Delayed By Continued Rains Says Bureau Report

(By the Associated Press)
OKLAHOMA CITY, June 15.—Harvest during the week ending June 14 was delayed by the frequent rains and wet soil, says the weekly crop and weather report issued here this morning at the weather bureau. All crops were reported to have made rapid growth. The rains have been heavy over the entire state.

Corn is in excellent condition; early planted corn is already being laid by. In the southwest portion of the state cotton did not make the best advance, because of an excess of moisture. In the southwest the rains were beneficial. Most of the crop has been shocked, the summary said. Much needed cultivation has been delayed by rains.

Dividend Announced
(By the Associated Press)
INDEPENDENCE, Kan., June 15.—The Perry pipe line company today announced a dividend of \$3 per share, payable July 30 to stock on record on June 30.

STEWART NEW MEMBER ON NORMAL FACULTY

Prof. F. L. Stewart, principal of the junior high school of Okmulgee for the past year, is a new addition to the special faculty of East Central normal. He is taking charge of several overflow classes and is considered a strong addition to the teaching force. This has caused new classes to be organized and every available room is needed.

Preparations for the entertainment of the special summer faculty are being made by the Ada Lions

club who will be hosts in the Normal cafeteria Thursday evening. This is an annual affair and will be one of the most important social events in the school term for the faculty.

Physical training for women under the supervision of Miss Anna Weaver Jones and assistants is proving to be a popular course. Classes in the work are held at all hours each day and the exercise and training is afforded to the ladies attending the school. This department has grown to be of such importance in the school that it is now one of the leading features of the Normal, especially in the summer term, faculty members say.

You will save money by reading the ads.

JUST HAD TO FIGHT TO GET HIS BREATH

"I had heard a great deal about Tanlac and since trying it myself I can conscientiously say it is the best medicine I have ever seen in all my experience," said David Raff, 250 N. 59th St., Philadelphia, Pa.

DAVID RAFF
250 N. 59th St., Philadelphia, Pa.

cently. Mr. Raff has lived in Philadelphia all his life and is well known and highly respected. "My health was all broken up," he explained. "My stomach was all out of order and gave me so much trouble that I actually dreaded to go to the table. I would simply rather go without eating than suffer the awful misery I knew would follow. I would bloat up so with gas that my heart would beat a terrific rate and it seemed sometimes I was being smothered to death. I just had to fight for my breath. My nerves were all undone. I slept poorly and was all the time having headaches that were almost blinding. I lost weight and felt so weak and run-down all over I could hardly do any work.

"Sometime ago a good friend of mine told me he knew Tanlac would help me and he spoke so positive about it that I took his advice. And I can say right now that Tanlac is the first medicine I ever saw that will do exactly what they say it will. Five bottles have the same as made me all over again. I can eat anything I ever could in my life and have gained fifteen pounds in weight. I'm no more nervous than a child, sleep fine and it just makes me feel happy to be enjoying such good health. Tanlac certainly is a great medicine."

UNIVERSITY GIVES CARNEGIE'S WIDOW HONORARY DEGREE

Mrs. Louise Whitfield Carnegie in her cap and gown after receiving the degree. At the recent annual commencement of the New York University, Mrs. Louise Whitfield Carnegie, widow of the late steel king, was awarded the honorary degree of Master of Humane Letters for her philanthropic activities.

Commissioner and Judge Tal Champs In Dollar Finals

Not all decisions of weight are handed down from the court bench. Nor are all heavy questions of city financial administration decided in the commissioner's swivel chair. Neither are all the strategic maneuvers of a skillful fire fighter figured out when the city is ablaze.

One's hair may turn from gold to silver as quickly in a close game of horseshoes or in a championship match at dollar pitching as when he labors over the big questions involving bread and butter. This is what County Judge Tal Crawford, Finance Commissioner W. B. Jones, Fire Chief Somer Jones and Big Day Law John, all fans during their idle hours for the various cross-roads sports, have solemnly resolved.

Fine points of the game must be used in play as well as in work, they declare.

By combining all the fine arts of horseshoe, ring and all the mental science of their offices, Judge Tal and Commissioner Jones established their supremacy at the dollar pitching sport in an afternoon tilt yesterday when they eliminated Big John and Chief Jones in a 3-2 battle. From out their boyhood days experience the city and county officers commandeered all the skill they had ever learned, each side pitching ringers with the regularity of corner-grocery days.

In the opening round, the Judge and Commissioner started strong with an easy victory over the Fire Chief and Big Law. Then, just for revenge, the Chief and his pal beat back with two straight and threw Judge Tal into the opposition camp. Then Judge Tal made good his boast of horseshoe and dollar pitching supremacy by taking the generalship for his team, encouraging Jones to a spell of ringing, and himself generated perhaps the strongest return yet seen on the fire station court.

Market Was Steady

It was a fight of skill against skill. Big John slid his dollars home consistently in the opening games but had weakened somewhat in the closing rounds. The Fire Chief battled furiously to hold his opponent, the big Judge. And all the time Commissioner Jones labored at his technique, judging the distance between the holes better with each shot. Crawford and Commissioner Jones brought the games up to two all.

"Get in there, Commissioner, my jurisprudence tells me we are about to turn the day," Judge Crawford exhorted.

"Steady in there, Chief," Big Law John begged as he aimed and pitched with deadly eye.

In the fifth and deciding lap Crawford and the Commissioner led with an easy stride. Two ringers and three single points put them far ahead of the opposition. Commissioner Jones had taken his range and was firing like a field gunner but with the conservativeness that his office training taught. Then the Fire Chief brought all his wagers into play at once and dropped in two straight ringers. The circle of spectators widened around the championship match and onlookers who earlier in the game had been staking heavy odds on the Judge and his Commissioner ally now began to call in their bets.

"I'll show you how we do it in the hardlands of west Texas, where you can make no allowances for mistakes," the Big Law declared as he edged a dollar to the brink of the hole.

Hard Days Behind

"Gotta beat that, John. I come from Arkansas where we had nothing but rocks to pitch on and nothing but a ringer counted" the Judge counseled and rolling up his sleeves counted two more singles. The game stood 20-20. Then it was the silent little City Commissioner who saved the day. Settling down into a position of watchful waiting he allowed the Law to have his turn. Then with his old quick jerk of the wrist the Commissioner sent one to the edge of the pit and the game was won.

"Shucks, you should have known you can't beat such a rare combination of jurisprudence and financial conservativeness," the Judge said as he wiped sweat from his forehead.

"Anyone else?"

Don't expect to get through a hot summer of hard work without a sick spell, if you start with your system full of impurities. To avoid a break-down in the busy season begin now taking Prickly Ash Bitters, the remedy for men. It will purify the blood, liver and bowels and put the system in healthy condition. Price \$1.25 per bottle. Gwin-Mays Drug Co.

World's Shapeliest Woman in New Fox Release

The stately Dolores, said by experts on feminine beauty to be the most perfectly formed woman in the world, appears in a scene of "While New York Sleeps," an eight reel Fox special, to be shown at the American theatre Thursday. The famous beauty is seen during a dance number of "The Midnight Frolic," a big Ziegfeld production now current in New York. This number was filmed by courtesy of Mr. Ziegfeld himself.

Charles J. Brabin, the director, assembled his cameramen on the roof of the New Amsterdam theatre to be in readiness for the conclusion of the show. Lights had been reinforced by special illuminating apparatus necessary for filming and at 1:30 in the morning arrangements were finally completed and the cameramen began to crank.

Brilliant scenes taken during the height of festivities at the Palais Royal, a famous New York cafe, are also used in the second episode of "While New York Sleeps."

Better be safe than sorry. Advertise in the News Want Ad columns. Quite an idea, eh?

OH, WHAT A BEAUTIFUL DREAM!—FOR CARPENTIER.

Their coming battle doesn't seem to bother either J. J. Dempsey or Georges Carpentier when they hit the hay for the night, according to reports from both camps. The gladiators

sleep like babes. Wonder what they dream about? It must be tough to have a nice little dream like Carpentier's having, above and then be summoned rudely to enter on another day's grind to

get in trim to meet the bird you've licked once—in your sleep. The picture of Dempsey was taken recently while he was going through some exercises to strengthen his stomach and back.

Sergeant Heyne, accused of having ill treated British soldiers who were prisoners of war at the prison camp at Horne, Westphalia, was sentenced to ten months imprisonment by the High Court at Leipzig, Germany. He is the first German officer to be tried on criminal charges arising from the conduct of the war.

"If I could only sell something, it would be easy to get by," said a man a few days ago. He was instructed to invest a few cents in a News "For Sale" ad and he sold it. Moral: Are you taking advantage of your opportunity?

The Scottish Rite Masons of Texas are building several large dormitories near the campus of the University of Texas for housing all the sons and daughters of Masons who are attending the University.

You can say one thing for this season of depression. It isn't so difficult to find the reading matter in the magazines.

NATIONS MAY JOIN TO KEEP MEMORIAL RITES

ST. PAUL, Minn., June 15.—An international Memorial day to commemorate the sacrifices of the World War, has just received the endorsement of Cabot Ward, vice commander of the Inter-Allied Federation of Veterans.

In a letter to J. W. Hamilton of St. Paul, who is urging that May 30 be made a day of international observance, Mr. Ward said he was sure his enforcement would be iterated by Colonel Croft, head of the British Legion and Charles Bertrand, president of the Inter-Allied Veterans.

Mr. Ward refers to the resolution adopted by the Inter-Allied veterans that the organization's members "should do all in their power to secure that other nations adopt May 30 as Memorial day for those who gave their lives for their country in the late war."

Mr. Hamilton also has letters from prominent Europeans approving the idea, which brought forth a letter from Stephanie Luzzane, editor of the Matin, Paris, with an editorial favoring the proposal. Senator Edward Wavinsky of Stockholm, a member of the Inter-parliamentary Union, said "Swedish papers will support the movement."

One point in Mr. Hamilton's plan which he stresses, is that on May 30, "all the world would halt its activities for five minutes at noon, while silent tribute would be paid to the hero dead."

Mr. Hamilton now is seeking the aid of Southern senators to have the Memorial Day in the Northern states made national. He hopes to accomplish this through action by congress.

AMERICAN WOMAN NOW MARCHIONESS

The Marchioness Curzon.

When Earl Curzon of Kedleston, the British foreign minister, became Marquis Curzon recently it made another American woman a marchioness in the British peerage. The new Marchioness Curzon is a native of Decatur, Ala., and the daughter of J. Monroe Hinde, late U. S. minister to Brazil.

MARRIAGE LICENSE

Marriage licenses were issued yesterday by the court clerk's office to the following couples: Bryan F. Young, age 24, Ada, and Miss Lora Holt, 19, Stonewall. Claud C. Bobbitt, 27, Ada, and Miss Eva Sparks, 22, Ada. Carl Stanfield, 26, Ada, and Miss Carrie Riffe, 25, Ada.

CANADIAN RIVER IS BLOCK TO COMMERCE

In a statement characterizing the Canadian river between Ada and Holdenville as a "Chinese Wall" to commerce in and between Pontotoc and Seminole counties, H. B. Roach, secretary of the Good Roads Motor Club, threw out an appeal today to individuals and organizations to co-operate in the movement to build at once a high-water bridge across the river.

At a meeting yesterday of the Good Roads Motor Club, members expressed themselves as believing it timely that these two counties get together on the proposition. At this meeting the Cotton Belt Highway was discussed. This highway is being marked out between Allen and Ada, and the secretary of the Good Roads Motor Club visited the Chamber of Commerce at Wetumka Monday night to discuss co-operation on the highway.

In a letter yesterday to the Good Roads Motor Club, E. Bee Guthrie, of Tulsa, secretary of Albert Pike Highway association gave a full description of the Cotton Belt Highway from Kansas City to Dallas and stressed its value to this section of Oklahoma. Signs pointing out the direction of the route and showing the distance to each town in the immediate vicinity have been made for this section.

Because of the fact that there is no high water bridge north of Ada across the Canadian it is impossible to run the Cotton Belt Route thru Holdenville, it is said.

PLANS TO DISARM SENT TO HARDING

American Federation of Labor Says Building Navy Is Burden.

(By the Associated Press)
DENVER, June 15.—President Harding and congress are urged to try to bring about disarmament in a resolution presented today to the forty-first annual convention of the American Federation of Labor.

They are requested to call a conference of the powers of the world "with the hope and belief that through such a conference the money now being expended in naval armament may be saved to the taxpayers of the several countries."

"The whole world considers with horror," said the resolution "the possibility of a race for naval power between the United States, Great Britain, and Japan, similar to that between Great Britain and Germany which preceded the great world war. Such a race is inconsistent with and must postpone and prevent general disarmament, to which the American labor movement stands committed."

PRESS MEET PLANNED FOR PACIFIC POWERS

(By the Associated Press)
COLUMBIA, Mo., June 15.—Plans for the organization of a Pan-Pacific Press Conference which would meet yearly and have as its object the betterment of relations between countries bordering on the Pacific ocean were discussed here during Journalism Week at the University of Missouri, May 23 to 27, by Dean Walter Williams of the School of Journalism of the University of Missouri and representative American journalists.

The conference, it is planned, will be organized during the meeting of the World Press Congress at Honolulu next October. One day of the congress has been set aside for discussion of the organization of the conference.

Better relations between the United States and Japan and between other Pacific countries may be brought about it is hoped by better co-operation between the newspapers and journals of these countries.

Definite plans for the Pan-Pacific Press Conference are not yet ready to be made public but it was announced that it was planned to have the conference meet yearly should its organization be effected. At these conferences the situation in the different countries represented in the conferences would be discussed as well as their relations with other countries of the world, and an effort made to adopt an editorial and news policy which would tend toward a better feeling between the people of these countries.

If He's a Puncher He Loves Outdoors With All Its Heat

A cowpuncher will be a cowpuncher—and whether he comes from the short grass country or from the mountains he's the same happy-go-lucky individual.

This is the observation Owen Walker, secretary of the Chamber of Commerce, has made after watching scores of punchers and fancy ropers of all descriptions as they lounged about the Chamber of Commerce offices Tuesday and Wednesday waiting for Thursday morning when they will unfurl their lariat and mount the bronchs for the big roundup.

A cowman is cooler outdoors in the June afternoon sun than he is inside seated in an easy chair, unless that easy chair be within easy reach of an electric fan. Walker declares. Dozens of punchers who dropped into the C. of C. headquarters to rest Wednesday sweated and chafed even at a few minutes of confinement. Many of them, dressed in gaudy colored shirts, seemed unaffected by the sun's heat but could not endure the restraint of even a few minutes in the shade.

"I'm cooler and more comfortable when I'm ridin' a mean broncho or bull-doggin' a steer than when I'm in a parlor these summer days," one ranchman here for the roundup declared.

Hardly any two punchers here for the meet are dressed alike it has been observed. Some, here in high powered automobiles, could not be distinguished from the ordinary citizen but for their boots and broad hats. Others, following more strictly the old cowboy type, have come upon the streets in "chaps" and spurs. Most of the fancy riders are decked in loud shirts and wristbands typical of their craft.

Rotary Head Named.
(By the Associated Press)

Edinburg, Scotland, June 15.—Crawford McCullough of Fort Williams, Ontario, today was unanimously elected president of the International Alliance of Rotarian Clubs, now in session here.

British Navy Statement.
(By the Associated Press)

LONDON, June 15.—The total expense provided for the building of battleships for the British navy is two million pounds, Lieutenant Amery, parliamentary and financial secretary to the admiralty, stated in the house of commons today.

FARMERS UNION DAY THURSDAY

All Members in County Expected to Attend Meeting at Normal.

Next Thursday is to be Farmers Union Day at the Normal, when all the members of the organization are expected to be here and attend the conference on rural education. John A. Simpson, president of the state organization, will be present to address the crowd.

According to B. A. Pratt, this is to be a red letter day with the farmers of the county. A big, old fashioned picnic dinner will be served on the grounds. The farmers are expected to come early and stay all day.

At the conclusion of Mr. Simpson's address, a business session of the county union will be held. This meeting will take the place of the regular every-other Saturday meeting at the city hall. Any business of importance can be taken up at that time.

Mr. Pratt urges every local to send a delegate if the entire membership cannot come.

This meeting was first announced for Friday, June 24, but had to be changed to Thursday, June 23.

Two Local Couples United in Double Ceremonial Today

An impressive double ring wedding ceremony was performed at 10 o'clock this morning by Rev. C. C. Morris, pastor of the First Baptist church, when Claude Bobbitt and Miss Eva Sparks and Carl Stanfield and Miss Carrie Riffe were united in marriage.

Mr. Bobbitt is an employee of the Oklahoma Portland Cement company and Miss Riffe is cashier at the local telephone office. Mr. Stanfield is connected with the Stanfield Grocery company and Miss Sparks has been taking a course in the Ada Business college. The ring ceremony was performed in the presence of a few intimate friends of each couple.

Steady Tumble Since Last January Noted In Crude Oil Price

(By the Associated Press)
INDEPENDENCE, Kan., June 15.—Oil price reductions, until the 25 cent cut made last Monday, since January 24 of last year, when Mid-continent reached the peak of \$3.50 per barrel, have steadily tumbled. In 1916 crude oil from the Mid-continent field sold as low as 90 cents a barrel, but at the end of the year it had started on an upward swing. The new price, according to oil men, means that probably all operations will cease and small wells must be closed out. Dollar oil has also increased the agitation for a tariff on oil since millions of barrels of Mexican crude is entering the United States every month.

EXPLOSION IN CHEMISTRY LAB CAUSES EXCITEMENT

An explosion in the chemistry department of the Normal school today caused considerable excitement and came near destroying some valuable equipment. Students were making some experiments in the manufacturing of oxygen, when it came in touch with a flame, causing the explosion.

One young lady received a slight cut on the arm, some glass equipment was destroyed, and the utensils slightly damaged by the explosion. Those in the class were thrown into excitement and it was some time before the class could be quieted. Work for the remainder of the period was of an entirely different nature than it started out to be, according to those who were near when the explosion came.

Confer on Plans for Financing Stockmen of Western States

CHICAGO, June 15.—Chicago and midwest financiers conferred today on a proposed loan fund of \$25,000,000 to finance western stock raisers. Financiers were called together by Secretary of the Treasury Mellon, under the leadership of John R. Mitchell, of the federal reserve board. Chicago bankers expressed the opinion that the proposed pool was a financial venture.

"Banks cannot gamble," said David Arthur Forgan, head of the National City Bank of Chicago, adding that one difficulty of the proposal was that the collateral offered by the cattle men usually was not liquid.

SUNDAY MOVING PICTURE SHOWS BACKED BY COURTS

(By the Associated Press)

OKLAHOMA CITY, June 15.—Operation of moving picture shows in Oklahoma on Sunday was upheld as legal in seven decisions handed down today by the state criminal court of appeals. Judge Bessey handed down the decision, and the other judges of the court concurred. The grounds on which the decisions are based is that the operation of moving picture shows does not constitute servile labor, which is prohibited by the Sunday closing law.

In the decision, the court asserted that the operation of such theaters cannot be considered criminal interference with repose of and the religious liberty of a community.

SHE WANTS LEAGUE OF HOUSEWIVES TO COVER THE WORLD

Mrs. Julian Heath.

Mrs. Julian Heath, founder and national president of the National Housewives' League, recently expressed the hope that the organization would become international in scope, with branches all over the world. Her contention is that every industry in the world is organized but the housewives, the most important of them all.

A. LINSCHIED IS RE-APPOINTED AS HEAD OF NORMAL

OKLAHOMA CITY, June 15.—The state board of education in session all day Tuesday elected faculties to serve during the coming school year in the East Central, the Northeastern and Southwestern state normal schools.

A. L. Linscheid and W. T. Ford, respectively, were reappointed heads of the first two schools.

A. H. Burris, city superintendent of schools at Holdenville, was chosen as president of the Southwestern state normal to succeed J. B. Eskridge, who goes to the A. & M. college next year.

No important changes were made in the faculties of the three institutions above mentioned. The board of education will continue with the election of instructors for the remaining normal schools Wednesday.

A. H. Burris has been superintendent of schools at Holdenville for several years and it was because of his efficient service in high school work over the state that he was appointed a member of the state board of education. He has always been a booster for the A&M normal here.

The many friends of Mr. Burris are glad to hear of his further advancement and wish him every success in the new work.

Prayer Meeting Tonight

The first prayer service of the First Baptist church will be held tonight at the church beginning at 8:15. Other prayer meetings will be held Thursday and Friday nights at the same time.

"Our motive in having these meetings is to pray for the success of the revival which will begin next Sunday," Rev. Clyde C. Morris, pastor said.

Ladies of the church report good attendance at their cottage prayer meetings in each of the districts every afternoon. An invitation is extended to the public to attend all these services.
